With recent tax law changes passed by Congress, your disclosure statement is required to be amended to incorporate the changes in the rules governing your IRA and to make you aware of the most current rules governing your IRA.

Note that while we wait for our Custodial Agreement to be updated, the language at the very end of this form in the amendment titled "IMPORTANT INFORMATION REGARDING YOUR INDIVIDUAL RETIREMENT ACCOUNT" has been added to the Custodial Agreement.

If you have any further questions on how the changes affect your retirement goals, please contact your tax, legal, or investment advisor, for further guidance.

**Simplified Employee Pension—Individual
Retirement Accounts Contribution Agreement****(Under section 408(k) of the Internal Revenue Code)****Do not file
with the Internal
Revenue Service**

_____ makes the following agreement under section 408(k) of the Internal Revenue Code and the instructions to this form.
(Name of employer)

Article I—Eligibility Requirements (check applicable boxes—see instructions)

The employer agrees to provide discretionary contributions in each calendar year to the individual retirement account or individual retirement annuity (IRA) of all employees who are at least _____ years old (not to exceed 21 years old) and have performed services for the employer in at least _____ years (not to exceed 3 years) of the immediately preceding 5 years. This simplified employee pension (SEP) includes **does not** include employees covered under a collective bargaining agreement, includes **does not** include certain nonresident aliens, and includes **does not** include employees whose total compensation during the year is less than \$450*.

Article II—SEP Requirements (see instructions)

The employer agrees that contributions made on behalf of each eligible employee will be:

- A.** Based only on the first \$205,000* of compensation.
- B.** The same percentage of compensation for every employee.
- C.** Limited annually to the smaller of \$41,000* or 25% of compensation.
- D.** Paid to the employee's IRA trustee, custodian, or insurance company (for an annuity contract).

Purpose of Form

Form 5305-SEP (Model SEP) is used by an employer to make an agreement to provide benefits to all eligible employees under a simplified employee pension (SEP) described in section 408(k).

Do not file Form 5305-SEP with the IRS. Instead, keep it with your records.

For more information on SEPs and IRAs, see Pub. 560, Retirement Plans for Small Business (SEP, SIMPLE, and Qualified Plans), and Pub. 590, Individual Retirement Arrangements (IRAs).

Instructions to the Employer

Simplified employee pension. A SEP is a written arrangement (a plan) that provides you with an easy way to make contributions toward your employees' retirement income. Under a SEP, you can contribute to an employee's traditional individual retirement account or annuity (traditional IRA). You make contributions directly to an IRA set up by or for each employee with a bank, insurance company, or other qualified financial institution. When using Form 5305-SEP to establish a SEP, the IRA must be a Model traditional IRA established on an IRS form or a master or prototype traditional IRA for which the IRS has issued a favorable opinion letter. You may not make SEP contributions to a Roth IRA or a SIMPLE IRA. Making the agreement on Form 5305-SEP does not establish an employer IRA described in section 408(c).

When not to use Form 5305-SEP. Do not use this form if you:

1. Currently maintain any other qualified retirement plan. This does not prevent you from maintaining another SEP.
2. Have any eligible employees for whom IRAs have not been established.
3. Use the services of leased employees (described in section 414(n)).
4. Are a member of an affiliated service group (described in section 414(m)), a controlled group of corporations (described in section 414(b)), or trades or businesses under common control (described in sections 414(c) and 414(o)), unless all eligible employees of all the members of such groups, trades, or businesses participate in the SEP.
5. Will not pay the cost of the SEP contributions. Do not use Form 5305-SEP for a SEP that provides for elective employee contributions even if the contributions are made under a salary reduction agreement. Use Form 5305A-SEP, or a nonmodel SEP.

Note. SEPs permitting elective deferrals cannot be established after 1996.

Eligible employees. All eligible employees must be allowed to participate in the SEP. An eligible employee is any employee who: (1) is at least 21 years old, and (2) has performed "service" for you in at least 3 of the immediately preceding 5 years. You can establish less restrictive eligibility requirements, but not more restrictive ones.

Service is any work performed for you for any period of time, however short. If you are a member of an affiliated service group, a controlled group of corporations, or trades or businesses under common control, service includes any work performed for any period of time for any other member of such group, trades, or businesses.

Excludable employees. The following employees do not have to be covered by the

SEP: (1) employees covered by a collective bargaining agreement whose retirement benefits were bargained for in good faith by you and their union, (2) nonresident alien employees who did not earn U.S. source income from you, and (3) employees who received less than \$450* in compensation during the year.

Contribution limits. You may make an annual contribution of up to 25% of the employee's compensation or \$41,000*, whichever is less. Compensation, for this purpose, does not include employer contributions to the SEP or the employee's compensation in excess of \$205,000*. If you also maintain a salary reduction SEP, contributions to the two SEPs together may not exceed the smaller of \$41,000* or 25% of compensation for any employee.

You are not required to make contributions every year, but when you do, you must contribute to the SEP-IRAs of all eligible employees who actually performed services during the year of the contribution. This includes eligible employees who die or quit working before the contribution is made.

Contributions cannot discriminate in favor of highly compensated employees. Also, you may not integrate your SEP contributions with, or offset them by, contributions made under the Federal Insurance Contributions Act (FICA).

If this SEP is intended to meet the top-heavy minimum contribution rules of section 416, but it does not cover all your employees who participate in your salary reduction SEP, then you must make minimum contributions to IRAs established on behalf of those employees.

Deducting contributions. You may deduct contributions to a SEP subject to the limits of section 404(h). This SEP is maintained on a calendar year basis and contributions to the

* For 2005 and later years, this amount is subject to annual cost-of-living adjustments. The IRS announces the increase, if any, in a news release, in the Internal Revenue Bulletin, and on the IRS website at www.irs.gov.

SEP are deductible for your tax year with or within which the calendar year ends. Contributions made for a particular tax year must be made by the due date of your income tax return (including extensions) for that tax year.

Completing the agreement. This agreement is considered adopted when:

- IRAs have been established for all your eligible employees;
- You have completed all blanks on the agreement form without modification; and
- You have given all your eligible employees the following information:

1. A copy of Form 5305-SEP.
2. A statement that traditional IRAs other than the traditional IRAs into which employer SEP contributions will be made may provide different rates of return and different terms concerning, among other things, transfers and withdrawals of funds from the IRAs.
3. A statement that, in addition to the information provided to an employee at the time the employee becomes eligible to participate, the administrator of the SEP must furnish each participant within 30 days of the effective date of any amendment to the SEP, a copy of the amendment and a written explanation of its effects.
4. A statement that the administrator will give written notification to each participant of any employer contributions made under the SEP to that participant's IRA by the later of January 31 of the year following the year for which a contribution is made or 30 days after the contribution is made.

Employers who have established a SEP using Form 5305-SEP and have furnished each eligible employee with a copy of the completed Form 5305-SEP and provided the other documents and disclosures described in *Instructions to the Employer and Information for the Employee*, are not required to file the annual information returns, Forms 5500 or 5500-EZ for the SEP. However, under Title I of the Employee Retirement Income Security Act of 1974 (ERISA), this relief from the annual reporting requirements may not be available to an employer who selects, recommends, or influences its employees to choose IRAs into which contributions will be made under the SEP, if those IRAs are subject to provisions that impose any limits on a participant's ability to withdraw funds (other than restrictions imposed by the Code that apply to all IRAs). For additional information on Title I requirements, see the Department of Labor regulation at 29 CFR 2520.104-48.

Information for the Employee

The information below explains what a SEP is, how contributions are made, and how to treat your employer's contributions for tax purposes. For more information, see Pub. 590.

Simplified employee pension. A SEP is a written arrangement (a plan) that allows an employer to make contributions toward your retirement. Contributions are made to a traditional individual retirement account/annuity (traditional IRA). Contributions must be made to either a Model traditional IRA executed on an IRS form or a master or prototype traditional IRA for which the IRS has issued a favorable opinion letter.

An employer is not required to make SEP contributions. If a contribution is made, however, it must be allocated to all eligible employees according to the SEP agreement. The Model SEP (Form 5305-SEP) specifies that the contribution for each eligible employee will be the same percentage of compensation (excluding compensation greater than \$205,000*) for all employees.

Your employer will provide you with a copy of the agreement containing participation rules and a description of how employer contributions may be made to your IRA. Your employer must also provide you with a copy of the completed Form 5305-SEP and a yearly statement showing any contributions to your IRA.

All amounts contributed to your IRA by your employer belong to you even after you stop working for that employer.

Contribution limits. Your employer will determine the amount to be contributed to your IRA each year. However, the amount for any year is limited to the smaller of \$41,000* or 25% of your compensation for that year. Compensation does not include any amount that is contributed by your employer to your IRA under the SEP. Your employer is not required to make contributions every year or to maintain a particular level of contributions.

Tax treatment of contributions. Employer contributions to your SEP-IRA are excluded from your income unless there are contributions in excess of the applicable limit. Employer contributions within these limits will not be included on your Form W-2.

Employee contributions. You may make regular IRA contributions to an IRA. However, the amount you can deduct may be reduced or eliminated because, as a participant in a SEP, you are covered by an employer retirement plan.

SEP participation. If your employer does not require you to participate in a SEP as a condition of employment, and you elect not to participate, all other employees of your employer may be prohibited from participating. If one or more eligible employees do not participate and the employer tries to establish a SEP for the remaining employees, it could cause adverse tax consequences for the participating employees.

An employer may not adopt this IRS Model SEP if the employer maintains another qualified retirement plan. This does not prevent your employer from adopting this IRS Model SEP and also maintaining an IRS Model Salary Reduction SEP or other SEP. However, if you work for several employers, you may be covered by a SEP of one employer and a different SEP or pension or profit-sharing plan of another employer.

SEP-IRA amounts—rollover or transfer to another IRA. You can withdraw or receive funds from your SEP-IRA if, within 60 days of receipt, you place those funds in the same or another IRA. This is called a "rollover" and can be done without penalty only once in any 1-year period. However, there are no restrictions on the number of times you may make "transfers" if you arrange to have these funds transferred between the trustees or the custodians so that you never have possession of the funds.

Withdrawals. You may withdraw your employer's contribution at any time, but any amount withdrawn is includible in your income unless rolled over. Also, if withdrawals

occur before you reach age 59½, you may be subject to a tax on early withdrawal.

Excess SEP contributions. Contributions exceeding the yearly limitations may be withdrawn without penalty by the due date (plus extensions) for filing your tax return (normally April 15), but are includible in your gross income. Excess contributions left in your SEP-IRA after that time may have adverse tax consequences. Withdrawals of those contributions may be taxed as premature withdrawals.

Financial institution requirements. The financial institution where your IRA is maintained must provide you with a disclosure statement that contains the following information in plain, nontechnical language:

1. The law that relates to your IRA.
 2. The tax consequences of various options concerning your IRA.
 3. Participation eligibility rules, and rules on the deductibility of retirement savings.
 4. Situations and procedures for revoking your IRA, including the name, address, and telephone number of the person designated to receive notice of revocation. This information must be clearly displayed at the beginning of the disclosure statement.
 5. A discussion of the penalties that may be assessed because of prohibited activities concerning your IRA.
 6. Financial disclosure that provides the following information:
 - a. Projects value growth rates of your IRA under various contribution and retirement schedules, or describes the method of determining annual earnings and charges that may be assessed.
 - b. Describes whether, and for when, the growth projections are guaranteed, or a statement of the earnings rate and the terms on which the projections are based.
 - c. States the sales commission for each year expressed as a percentage of \$1,000.
- In addition, the financial institution must provide you with a financial statement each year. You may want to keep these statements to evaluate your IRA's investment performance.

Paperwork Reduction Act Notice. You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete this form will vary depending on individual circumstances. The estimated average time is:

Recordkeeping	1 hr., 40 min.
Learning about the law or the form	1 hr., 35 min.
Preparing the form	1 hr., 41 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Internal Revenue Service, Tax Products Coordinating Committee, SE:W:CAR:MP:T:T:SP, 1111 Constitution Ave. NW, Washington, DC 20224. Do not send this form to this address. Instead, keep it with your records.

IMPORTANT INFORMATION REGARDING YOUR INDIVIDUAL RETIREMENT ACCOUNT

Several recent law changes have impacted Individual Retirement Accounts (IRAs). Your IRA Plan document cannot be updated to reflect these changes until the Internal Revenue Service releases their version of the language that must appear in your Plan. As your IRA provider, we await technical guidance from the Internal Revenue Service and the Department of Labor in order to administer the enacted provisions. In the meantime, we would like to take this opportunity to provide you with an informational summary to retain with your current IRA plan document.

SECURE Act – Setting Every Community Up for Retirement Enhancement Act of 2019

Repeal of maximum age for traditional IRA contributions

- Individuals will be able to make contributions to their IRA even after attaining the age of 70 ½ (now 72), as long as income is earned.
- Effective for taxable years beginning after December 31, 2019.

Increase in age for required beginning date for mandatory distributions

- The required beginning date for mandatory distributions has been amended from age 70 ½ to age 72.
- This only applies to persons turning 70 ½ after December 31, 2019. Anyone who turned 70 ½ prior to 2020 must begin taking, and continue to take, distributions under pre-SECURE Act rules.

Modification of required distribution rules for designated beneficiaries

- Upon the death of an IRA account owner, distributions of the entire account balance to anyone other than an “eligible designated beneficiary” must generally be made within 10 years of the account owner’s death.
- An eligible designated beneficiary includes the surviving spouse, a child of the IRA account owner who has not yet reached the age of majority (age 21 as defined in IRS regulations), a disabled individual, a chronically ill individual, or an individual who is not more than 10 years younger than the decedent.
- This change eliminates the ability to have “stretch IRAs” by limiting the distribution period for certain beneficiaries.
- Effective for distributions on behalf of IRA account owners who die after December 31, 2019.

Penalty-free withdrawals from retirement plans for individuals in case of birth of child or adoption

- Distributions from a retirement plan, in the case of a qualified birth or adoption, are exempt from the 10% early withdrawal penalty.
- The child must be under 18 years of age, the distribution must be made within the 1-year period after the birth or adoption date of the child, and the distribution exception is capped at \$5,000 per child, per parent.
- These funds may be repaid to the plan by a rollover, and the repayment would be treated as a nontaxable direct rollover (reported as a “repayment”).
- Effective for distributions made after December 31, 2019.

Tax-exempt “difficulty of care payments”, a type of qualified foster care payment to individual care providers under a state Medicaid Home and Community-Based Services waiver program (Medicaid Waiver payments), may be treated as compensation for purposes of making an IRA contribution.

For tax years beginning after December 31, 2019, certain taxable non-tuition fellowship and stipend payments are treated as compensation for the purpose of IRA contributions. Compensation will include any amount included in gross income and paid to aid in pursuit of graduate or postdoctoral study.

CARES Act – Coronavirus Aid, Relief, and Economic Security Act of 2020

The CARES Act provided assistance to the American people from the public health and economic impact of COVID-19. The provisions under the CARES Act were mostly available during 2020, but the highlights are listed here:

- Coronavirus-related distributions - a coronavirus-related distribution (CRD) is a distribution made on or after January 1, 2020 and before December 30, 2020 to a qualified individual from an IRA, qualified plan, 403(b), or governmental 457(b) of up to \$100,000 in the aggregate for any taxable year. A CRD was directly repaid (i.e., rolled over) to any IRA or other eligible plan that accepts rollovers ratably within 3 years. Amounts not repaid could be taxed over a 3-year period.
- The CARES Act provides for 2 special coronavirus-related loan conditions to qualified individuals: 1) increases the amount that can be borrowed; and 2) extends the time to repay an existing loan. Loans are not permitted from individual retirement accounts, however.

Waiver of Required Minimum Distribution (RMD)

All Required Minimum Distributions were waived for the calendar year 2020 under the CARES Act, including for a participant whose required beginning date is in 2020 (e.g. Initial year 2019 RMDs due by April 1, 2020). Beneficiaries required to take RMDs from inherited IRAs were included in the waiver.

The 2020 RMD waiver applied to all IRA owners, not only to qualified individuals affected by COVID-19.

RMDs taken at any point during 2020 could have been rolled back into an eligible plan. IRS notice 2020-51 provided an extension to roll back any RMD taken on or after January 1, 2020 by August 31, 2020 without regard to the 60-day deadline that applies to IRA to IRA rollovers, or the one rollover in a 12-month period restriction.

RMD amounts that were received after August 31st were still eligible for rollover, but were subject to the normal rollover restrictions.

Qualified Charitable Distributions are not affected by the CARES Act. As it relates to the change in RMD age under the SECURE Act mentioned previously, an IRA owner or beneficiary who was age 70½ could still request a QCD even if they did not have a 2020 RMD. Those individuals continue to remain QCD eligible despite the increase in RMD age to 72. See Appendix D in IRS Publication 590-B to determine the correct amount of the QCD.

SECURE 2.0 Act of 2022 (SECURE 2.0)

Continuing the initiatives of the SECURE Act of 2019, SECURE 2.0 Act of 2022 (SECURE 2.0), Division T of the Consolidated Appropriations Act of 2023, was signed into law on December 29, 2022 (date of enactment). Some changes became effective on the date of enactment - or even retroactively, but the Internal Revenue Service and the Department of Labor must provide technical guidance to practitioners and taxpayers for them to be practicable.

Increase in Age for Required Beginning Date for Mandatory Distributions

- The required beginning date for Required Minimum Distributions (RMDs) has been increased from age 72 to age 73 starting on January 1, 2023.
- The Act further increases the RMD age, starting January 1, 2033, from 73 to 75.

Indexing IRA Catch-Up Limit

- Indexes the current \$1,000 age 50 catch-up limit.
- Effective for taxable years beginning after December 31, 2023.

Withdrawals for Certain Emergency Expenses

- Provides an exception for certain distributions used for emergency expenses, which are unforeseeable or immediate financial needs relating to personal or family emergency expenses.
- Only one distribution is permissible per year of up to \$1,000, and a taxpayer has the option to repay the distribution within 3 years.
- No further emergency distributions are permissible during the 3 year repayment period unless repayment occurs.
- Effective for distributions made after December 31, 2023.

Special Rules for Certain Distributions from Long-Term Qualified Tuition Programs to Roth IRAs

- SECURE 2.0 amended the Internal Revenue Code to allow for tax and penalty free rollovers, up to \$35,000 over the course of a taxpayer's lifetime, from any 529 account in their name to their Roth IRA.
- These rollovers are subject to Roth IRA annual contribution limits, but not the income threshold for contributions. To qualify, the 529 account must have been open for 15 years or more.

Remove Required Minimum Distribution Barriers of Life Annuities

- An actuarial test related to certain commercial lifetime annuities in qualified plans and IRAs in the required minimum distribution regulations is eliminated. This will reinstitute certain guarantees for the benefit of individuals who are otherwise unwilling to elect a life annuity under a defined contribution plan or IRA.
- This provision is effective for calendar years ending after the date of enactment of the Act.

Qualifying Longevity Annuity Contracts

- To preserve the intended longevity protection, the 25% limit is eliminated, and the dollar limit is increased to \$200,000.
- In addition, QLACs with spousal survival rights are available, and free-look periods are permitted up to 90 days with respect to contracts purchased or received in an exchange on or after July 2, 2014.

Eliminating a Penalty on Partial Annuitization

- A participant that holds an annuity contract in their retirement account may elect to calculate the Required Minimum Distribution (RMD) by aggregating the value of the annuity with the value of the non-annuitized portion of the account. The annuity contract payments for the year can then be deducted from the combined RMD amount.
- This became effective on the date of enactment of the Act, however, the Treasury Secretary is to update the relevant regulations accordingly. Until then, taxpayers may rely on a good faith interpretations of the law.

Reduction in Excise Tax on Certain Accumulations in Qualified Retirement Plans

- The penalty for failure to take Required Minimum Distributions (RMD) is reduced from 50% to 25%.
- In addition, if a failure to take the RMD is corrected within a 2-year correction period, the excise tax on the failure is further reduced from 25% down to 10% percent. This correction window begins on the tax filing due date for the year the excess occurred, and ends on the earlier of the last day of the second taxable year following such deadline or when the taxpayer is audited.
- Effective for taxable years beginning after the date of enactment of the Act.

Updating Dollar Limit for Mandatory Distributions

- Under current law, employers may automatically roll over former employees' retirement accounts from a workplace retirement plan into an IRA if their balances are between \$1,000 and \$5,000.
- The limit is now increased from \$5,000 to \$7,000, effective for distributions made after December 31, 2023.

One-Time Election for Qualified Charitable Distribution (QCD) to Split-Interest Entity; Increase in Qualified Charitable Distribution Limitation

- Expands the Qualified Charitable Distribution provision to allow for a one-time, \$50,000 distribution to charities through charitable gift annuities, charitable remainder unitrusts, and charitable remainder annuity trusts.
- This is effective for distributions made in taxable years beginning after the date of enactment of the Act.
- In addition, the \$50,000 special distribution amount, as well as \$100,000 overall QCD limit, will be indexed for inflation for distributions made in taxable years ending after the date of enactment of the Act.

Repayment of Qualified Birth or Adoption Distribution Limited to 3 Years

- The recontribution period for distributions made in the case of birth or adoption, a qualified birth or adoption distribution (QBAD), is restricted to 3 years.
- Effective to distributions made after the date of the enactment of the Act, and retroactively to the 3-year period beginning on the day after the date on which such distribution was received.

Penalty-Free Withdrawal from Retirement Plans for Individual Case of Domestic Abuse

- Retirement plans may permit participants to self-certify that they experienced domestic abuse within the past year, allowing the participant to withdraw a small amount of money (the lesser of \$10,000, indexed for inflation, or 50% of the participant's account).
- This distribution is not subject to the 10% tax on early distributions. Additionally, a participant has the opportunity to repay the withdrawn money from the retirement plan over 3 years, and will be refunded for income taxes on money that is repaid.
- Effective for distributions made after December 31, 2023.

Tax Treatment of IRA Involved in a Prohibited Transaction

- When an individual engages in a prohibited transaction with respect to their IRA, the IRA is disqualified and treated as distributed to the individual, irrespective of the size of the prohibited transaction.
- This provision clarifies that if an individual has multiple IRAs, only the IRA with respect to which the prohibited transaction occurred will be disqualified.
- Effective for taxable years beginning after the date of enactment of the Act.

Clarification of Substantially Equal Periodic Payment Rule

- Clarification of what does not constitute a modification of the additional tax on early distributions for the Substantially Equal Periodic Payment (SEPP) rule.
- The exception continues to apply in the case of a rollover of the account, an exchange of an annuity providing the payments, or an annuity that satisfies the Required Minimum Distribution rules.
- This provision is effective for transfers, rollovers, and exchanges after December 31, 2023; and effective for annuity distributions on or after the date of enactment of the Act.

Exception to Penalty on Early Distributions from Qualified Plans and IRAs to Individuals with a Terminal Illness

- Provides an exception to the 10% additional tax on early distributions made to individuals with a terminal illness.
- A physician must certify that the illness is reasonably expected to result in death within 84 months.
- These withdrawals currently have no dollar limitation, and can be repaid to the account in a manner that is similar to qualified birth or adoption distributions.
- The exception is effective for distributions made after the date of enactment of the Act.

Special Rules for Use of Retirement Funds in Connection with Qualified Federally Declared Disasters

- Issues permanent rules that aim to standardize access to retirement funds in the event of a federally declared disaster.
- To be eligible, an individual must have their primary residence in the federally declared disaster area, and sustain an economic loss as a result of the disaster event.
- If eligible, up to \$22,000 can be considered a Qualified Disaster Distribution (or Qualified Disaster Recovery Distribution), taken no later than 180 days after the federal disaster was declared.
- The funds are exempt from the 10% excise tax on early distributions.
- There is a 3 year window following the date of distribution to repay all or a portion of the payment back to an eligible retirement plan. Alternatively, taxes can be spread ratably over a 3-year period.
- A list of federally declared disasters can be found on the Federal Emergency Management Agency website, [fema.org](https://www.fema.org).
- Effective retroactively for disasters occurring on or after January 26, 2021.

Elimination of Additional Tax on Corrective Distributions of Excess Contributions

- Earnings attributable to timely correction of an excess contribution is not subject to the 10% additional tax on early distributions.
- Effective for any determination made on or after the date of enactment of the Act, even if the correction occurred before date of enactment.

Modification of Required Minimum Distribution Rules for Special Needs Trust

- In the case of a special needs trust established for a beneficiary with a disability, the trust may provide for a charitable organization as the remainder beneficiary.
- Effective for calendar years beginning after the date of enactment of the Act.
